

Koi Tank - Polyethylene

Koi Tank - Polyethylene
SC-KT

These tanks are especially well suited to quarantine Koi as well as for the use at Koi shows. A comfortable arm rest around the top makes looking at the Koi a pleasure.

The tank comes in two colors (black or blue). Its functionality according to the photo depicted is as follows:

- (1) comfortable hand rail to lean on
- (2) outlet for water
- (3) indicator of water volume in tons of water (up to 3 tons in the medium version)
- (4) soft material that does not crack easily (good for transport, just roll the tank away)

Customer can opt to have holes set at custom locations (requires minimum order).

"Pipefitting" and "caps" are made of PE, "Hydrochloric acid" can be used for cleaning.

KOI MEASURING TANK SC-KT180

Upper part diameter: 1120mm*615mm

Lower part diameter: 970mm*460mm

Height: 390mm

Thickness: 5mm

capacity: MB 180L

Net Weight: 10.00kg

KOI TANK SC-KT350

Upper part diameter: 1180mm

Lower part diameter: 980mm

Height: 510mm

Thickness: 4mm

capacity: MB 350L

Net Weight; 10.80kg

KOI TANK SC-KT600

Upper part diameter: 1170mm

Lower part diameter: 1030mm

Height: 750mm

Thickness: 4mm

capacity:MB 600L

Net Weight; 16.00kg

KOI TANK SC-KT600-1

Upper part diameter: 1280mm

Lower part diameter: 1100mm

Height: 585mm

Thickness: 4mm

capacity:MB 600L

Net Weight; 16.00kg

KOI TANK SC-KT800-1

Upper part diameter: 1290mm

Lower part diameter: 1120mm

Height: 820mm

Thickness: 4mm

capacity:MB 800L

Net Weight; 20.00kg

KOI TANK SC-KT1200

Upper part diameter: 1540mm

Lower part diameter: 1250mm

Height: 960mm

Thickness: 5mm

capacity:MB 1200L

Net Weight; 30.00kg

KOI TANK SC-KT1600

Upper part diameter: 1590mm

Lower part diameter: 1400mm

Height: 980mm

Thickness: 6mm

capacity:MB 1600L

Net Weight; 45.00kg

KOI TANK SC-KT2200

Upper part diameter: 1850mm

Lower part diameter: 1640mm

Height: 990mm

Thickness: 7mm

capacity:MB 2200L

Net Weight; 58.00kg

KOI TANK SC-KT2500

Upper part diameter: 2150mm

Lower part diameter: 1700mm

Height: 1000mm

Thickness: 6mm

capacity: MB 2500L

Net Weight: 57.00kg

KOI TANK SC-KT3200

Upper part diameter: 2260mm

Lower part diameter: 2000mm

Height: 980mm

Thickness: 7mm

capacity: MB 3200L

Net Weight: 84.00kg
